Final Public Informational Meeting **Suncook River Geomorphology-based Alternatives Study**

Epsom Central School, 282 Black Hall Rd, Epsom, NH

Wednesday, May 28, 2008 from 6:00 to 9:00 p.m.

Concord, NH – The New Hampshire Department of Environmental Services and the Town of Epsom will hold the final public informational meeting on the Suncook River Geomorphology-based Alternatives Study on Wednesday, May 28 from 6:00 p.m. to 9:00 p.m. at the Epsom Central School. The school is located on 282 Black Hall Road in Epsom.

The purpose of the meeting is to keep the public informed of the study, and to seek feedback from the community that will be important to making the study successful. This is the last of three public informational meetings, and the final study recommendations will be discussed.

Meeting Objectives

- To review the main findings of the Suncook River Geomorphology-based Alternatives Study;
- To review the different courses of action that would address the issues created by the avulsion;
- To discuss an evaluation of each of the alternative courses of action; and
- To provide an opportunity for town citizens to identify specific issues of concern and feedback on the study findings.

Meeting Agenda

6:00 - 6:30 p.m.	Open House
6:30 – 6:45 p.m.	Introduction and Overview
6:45 – 7:45 p.m.	Presentation: Geomorphic Assessment of the Suncook River Avulsion
7:45 – 9:00 p.m.	Summary and Open Public Comment Period
9:00 p.m.	Adjourn

For more information about the meeting or the Suncook River Geomorphology-based Alternatives Study, please contact Steve Landry at 271-3503 or Stephen.landry@des.nh.gov
